## Marketing Methods

sales and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several different methods that may help you promote extra books.

One is to offer something away for free along with your ebook, equivalent to a worthwhile bonus item. Or bundle several ebooks below one worth, which lowers the value for each e book in the event that they have been sold separately.

An effective approach for determining a value is to ship out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new ebook, however don't embody a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with completely different prices on every page. Be certain your sales copy is precisely the same on each page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum worth is.

Ultimately, for those who've written a e book that solves a drawback or presents a new technique, your e book will usher in both visitors and profits.
