An efficient method for figuring out a price is to send out a survey to your current customers. If

these clients have already purchased an ebook from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the brand new book, but do not include a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with totally different costs on each page. Be certain that your sales copy is exactly the identical on every page, and consists of your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum worth is.

Ultimately, when you've written a e-book that solves a downside or presents a brand new method, your e-book will bring in each traffic and profits.
