An effective approach for determining a value is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the new guide, but don't embody a value on that

page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is precisely the identical on each page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum value is.

Ultimately, should you've written a ebook that solves a downside or presents a new approach, your ebook will bring in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what downside your ebook solves and what the benefits of your 1524 guide can be to the purchasers who purchase it.
