An effective technique for figuring out a worth is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion by way of price. Do this by making a gross sales page for the new book, but don't include a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with

different costs on every page. Ensure your sales copy is precisely the same on each page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.

Finally, should you've written a ebook that solves a downside or presents a new technique, your e-book will usher in each traffic and profits.
