An effective method for determining a value is to send out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new e-book, but do not embrace a worth on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with different prices on each page. Be certain that your gross sales copy is exactly the same on each web page, and includes your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum price is.

In the end, when you've written a guide that solves a downside or presents a new method, your e-book will herald each site visitors and profits. So you should definitely write that promoting-handle
