An efficient approach for figuring out a price is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price.

Do this by creating a sales page for the new book, however do not embrace a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out prices by making a variety of duplicate sales pages with different costs on each page. Ensure that your sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum worth is.

In the end, if you happen to've written a ebook that solves a problem or presents a brand new approach, your ebook will usher in each site visitors and profits.
