One other technique is to test out costs by creating a number of duplicate sales pages with completely different costs on every page. Make sure your gross sales copy is strictly the identical

on each page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

Finally, for those who've written a guide that solves a problem or presents a new approach, your e-book will usher in each traffic and profits.
